For simple navigation of the Site of the Congress, there is no need to register, but, in order to be able to receive the Keep me update Service, we need to gather some information regarding the Users. In any case, AIM commits to using the personal data of Users exclusively in the ways, terms and for the purposes listed as follows. The Controller processes personal data of Users for the following purposes:

- (iii) performing legal obligations;
- (iv) executing technical management of the Site of the Congress;
- (v) update the Users on all other projects, initiatives and future events organized by AIM in the same area of interest, by means of both automated tools (such as newsletters, e-mails, SMS's, MMS's, robocalls, etc.) and traditional communication tools (hardcopy mail and/or operator calls).

The Keep me updated Service will be provided by means of automated tools (such as, e-mail, SMS, MMS, robocalls, etc.).

The data provided by Users will be processed predominantly with information systems under the authority of the Controller, by third parties specifically commissioned, authorized and instructed to the processing as per section 30 of the Privacy Law and of sections 28 and 29 of the Data Protection Regulation. Appropriate security measures, also as per sections 5 and 32 of the Privacy Data Protection, will be adopted to prevent loss of data, illicit or inappropriate uses and unauthorized access.

4. Optional or mandatory nature of data transfer, consequences of denial and juridical basis of the processing

In order to provide the Keep me updated Service, as well as for the purposes listed at items (ii), (iii), (iv) and (v) of preceding section 3, transfer of the Users' personal data is mandatory, as otherwise the Users could not be updated on all initiatives promoted and organized during the Congress and on other projects, initiatives and future events organized by AIM in the same area of interest.

Thus, with reference to the items (i), (ii), (iii), (iv) and (v) of preceding section 3, the juridical basis of the processing is the provision of the Keep me updated Service and of the update service on other projects, initiatives and future events organized by AIM in the same area of interest (as per section 6, paragraph 1, letter b) of the Data Protection Regulation).

Above entities, to whom the Users' data can be communicated (if not nominated Data Processor or co-responsible), will treat the Users' personal data in their quality of Controllers as per the applicable norms, in full autonomy, not being connected to the original processing executed by AIM.

6. Users' rights

Individual Users can exercise their rights as per section 7 of the Privacy Law and subsequent modifications and integrations, as well as sections 15, 16, 17, 18, 20 and 21 of the Data Protection Regulation at any time, by sending a written note to the Controller's addresses as listed in preceding section 1 and thus obtain:

- confirmation or denial of the existence of personal data of the User with indication of the related origin;

- access, rectification, cancellation of the personal data or their limitation of processing;
- cancellation, anonymization or blocking of personal data processed in violation of the law.

Individual Users may moreover oppose to the processing of the data that relate to them, as well as revoke at any time their consent to personal data processing (without prejudice to the legitimacy of the processing based on the consent conceded previously to revocation).

As any consent conceded by Users to be contacted by means of automated tools for the purpose listed at item (v) of preceding section 3 extends to traditional tools as well, the Users may contact AIM at any time at the addresses indicated above, to exercise their right of (partial) opposition with reference to one or another of the above mentioned modalities.

7. Duration of the processing

Except for legal obligations and for the Users' updates on all other projects, initiatives and future events promoted by AIM, the Users' personal data will be conserved for the mere duration of the Congress. In any case, the processing will not have a duration exceeding 5 years from the date of registration to the Keep me updated Service, as long as Users have not requested cancellation before. Notwithstanding the above, AIM may conserve some personal data of Users also after the request for termination of processing, exclusively for the scope of defending or safeguarding its rights, or in those cases as defined by law or by order of a judicial or government authority.

The current Information Sheet is subject to modifications by the Controller; AIM will communicate the modifications to the Users by mail, with a prenotice period of at least 15 days with respect to the date in which the new Information Sheet will apply.
